Bill & Sue Spoelhof - Brazil

Praise God with us:

- For months we have been asking for prayer for the government approval of the paperwork closing our old church. On Thursday, January 28, it was finally approved and paperwork is now in our hands.
- We are seeing results in peoples' lives during the eight-week preaching series on prayer. The last Sunday in January there was a prayer breakfast at church with over sixty people attending. One of the most encouraging parts of that breakfast was hearing testimonies of answers to prayer.
- An answer to many prayers was that Emerson accepted Christ as his Savior last week.

Pray with us:

- With summer vacation coming to an end here, new small groups, discipleships and teen groups are starting up again, as well as a new members class and a deacon training course. There's a lot of work ahead!
- For God's clear direction for the committee in the process of looking for land/building for the church.
- Wisdom in counseling a couple with marital problems.

McGinnis Mayhem...

One of the greatest blessings about the beginning of our pre-field ministry is that we do not have to start everything from scratch. Our TACTICA Teammates, both Ryan & Gretchen Rought, as well as several police officers that have worked with TACTICA in the past, have helped us hit the ground running. What a blessing it is to have these men and women in our lives. In the month of January, Joni and I have been able to schedule informal meetings with 7 different church pastors. We were able to follow up with a few phone conversations and give out 10 packets. We have two more meetings to line up before the end of the month. Here's the exciting part. With all that has been accomplished this month, only 3 phone calls were initiated by us. Our partners and police friends have engaged their contacts and have set up the meetings. Joni and I are humbled that God has given us such a great team that is excited about the ministry of TACTICA and the addition of our family. Thanks to all, and to God be the Glory. Please be in prayer as we look to the months ahead. It is not our desire to be a financial burden on our home church, and we would like to give them the peace of mind to know that we have church support coming in consistently. Berean has been so good to us.

Please Pray...

- That we will continue to see fruit from meetings we have already had with pastors about our ministry.
- For patience as we wait on God's timing and doors to be opened.
- For our kids as they adjust to the busy schedule we will have for the next several months.

Bob & Shirley Cropsey - Togo/USA**

Praise & Prayer Prompters:

Haiti Earthquake: Pray for the victims of this massive earthquake and ABWE's desire to help. Our help is being focused on working with sister churches in Haiti which will involve relief supplies and reconstruction efforts.

The Wendell Kempton Medical and Ministry Center in Togo: There is now over \$4 million toward the project. Pray that the remaining \$1.5 million needed for the project will be provided in the near future. Pray that God will call out more career staff to join both our southern and northern hospitals.

The Ndungu Kebbeh Health Center, The Gambia, W. Africa: We are rejoicing that Sarah Damick, RN, from SW Michigan now has full support and joining the Gambia team soon. There is still a critical need for short term and career physicians and could use several more Nurse Practitioners.

Memorial Christian Hospital Renewal Project: We are rejoicing that nearly all of the needed funding has now been committed and that good progress has been made in preparing the site of the new hospital. Pray for the myriad of details now involved in working with a national contractor and getting construction off the ground.

Global Health Conference in Louisville, KY Nov 12-14, 2009 was a special blessing. God moved in many hearts and brought many old and new faces to our exhibit inquiring about short term and career missionary service. Pray for us to be an encouragement and give good counsel as they prayerfully consider God's leading in the future.

Travel and conference opportunities: As we look back on 2009 we praise the Lord for the privilege of seeing many of you in medical mission conference or in our supporting churches and praise God for your wonderful encouragement to us. Thank you for your faithfulness in prayer and support.

Medical Missions Interface 2010, June 11-13, ABWE Headquarters, Harrisburg, PA: If you are a healthcare professional interested in missions, we hope you will consider joining us this summer. This promises to be another excellent program with Ron Berrus being our special guest speaker. CME credit is also available. We are honored to have Dr. Tina Slusher, a highly acclaimed missionary pediatric professor, and Dr. Claire Sanger, a plastic surgeon from the U of KY, to be our featured faculty. Look for more details soon.
